

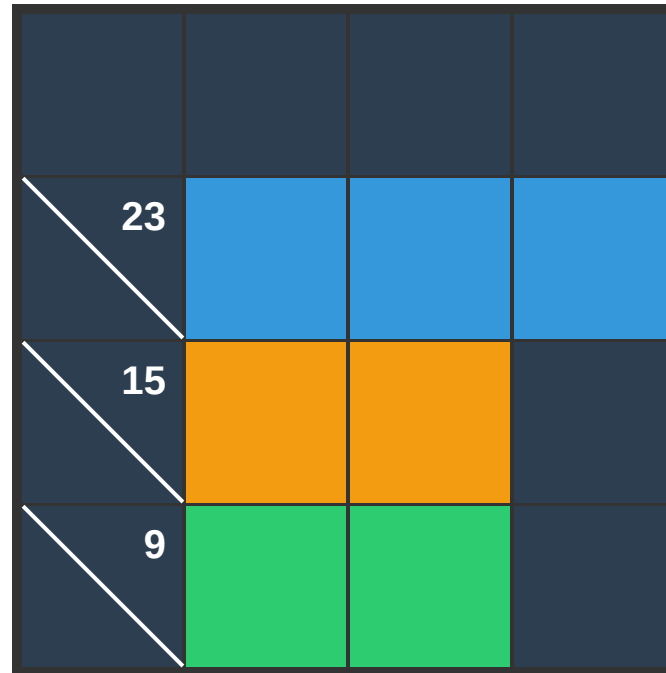

Diagram 2A: Understanding Across Runs (Horizontal)

BLUE Across Run: 3 cells that must sum to 23

YELLOW Across Run: 2 cells that must sum to 15

GREEN Across Run: 2 cells that must sum to 9

Across runs go HORIZONTALLY (left to right). Each run starts immediately after the clue cell (which shows the sum in the upper-right triangle) and continues until it hits a black cell or the edge of the grid.
