

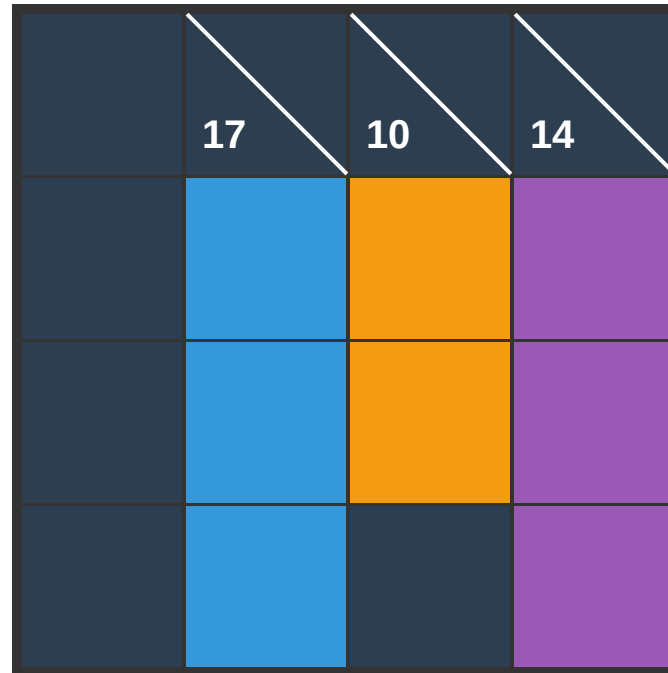

Diagram 2B: Understanding Down Runs (Vertical)

BLUE Down Run: 3 cells that must sum to 17

YELLOW Down Run: 2 cells that must sum to 10

PURPLE Down Run: 3 cells that must sum to 14

Down runs go VERTICALLY (top to bottom). Each run starts immediately below the clue cell (which shows the sum in the lower-left triangle) and continues until it hits a black cell or the edge of the grid.
